

TOTAL MEDICAL MANAGEMENT SOLUTIONS

Need Reliable, Expert Medical Management Solutions? Call the Best Minds in the Business!

Total Medical Management

Total Safety has the people, programs and processes to be your full-service provider of on-site occupational health services. Our Total Medical Management Solutions offers the perfect match of service, cost and staffing, resulting in the ultimate occupational health model. Total Medical Management is the only plan that ensures absolute customer satisfaction for all clients, regardless of where they are located.

The Perfect Model

Because every location requires both consistency and adaptability, Total Safety has created a unique, flexible model that can be adapted to fit each client, each site, each worker and each location. Even remote locations are not a problem. Total Safety provides you with highly trained medical providers, medical packages and services tailored to fill in any service gaps.

For all of our clients, the “perfect model” includes a highly trained and well developed paramedic cross-trained in:

- Safety
- Occupational health
- Advanced clinical skills
- Proven competency

State-of-the-Art Technology

We designed our Total Medical Management Solutions with technology to allow for the future implementation of a virtual, on-site clinic that brings the physician to your facilities.

TOTAL SOLUTIONS

We meet the healthcare needs of our clients, no matter where they operate in the U.S. or around the world.

- Flexible medical management models tailored to each client
- Specially designed plans for clients in remote locations
- Advanced technology that allows for future on-site virtual clinics
