Training On- or Off-Site, Onshore or Offshore

Our training courses are available close to all major onshore and offshore industrial centers along the Gulf Coast. Our flexibility offers instructional seminars at your location or ours.

The Best Minds in the Business!

TOTAL COVERAGE

Total Safety gives you total training coverage, from fit testing to offshore water survival.

Total Safety trains and certifies thousands of individuals in life saving techniques and strategies every year.

Training Tailored to Your Needs

Total Safety provides custom and specialty training programs that enhance your specific business safety needs. Not only do our experts have the know-how, but they also have the necessary resources to educate your team in a way that delivers a true understanding of the material. You will receive lasting value through a variety of instructional formats.

- Interactive training
- Classroom lectures
- Audio-visual presentations
- Crisis simulations and seminars

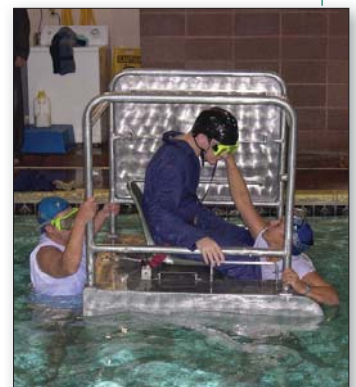

In addition to safety related topics, we offer training programs with our certified trainers in numerous areas of safety, including:

- Access to medical records
- Defensive driving
- Drug and alcohol programs
- Forklift / machinery operation
- General safety orientation
- Permitting processes
- Job safety analysis
- New hire programs
- Teamwork concept classes
- BBSP - Behavioral-Based Safety Process
- Welding safety
- ACCT - Advanced Core Compliance Training

Meeting Safety Requirements

Total Safety offers a comprehensive series of basic and advanced training courses that address standard and mandated safety requirements for regulatory bodies.

- National Institute of Occupational Safety & Health (NIOSH)
- Department of Transportation (DOT)
- Occupational Safety and Health Administration (OSHA)
- International Association of Drilling Contractors (IADC)
- National Fire Protection Association (NFPA)
- United States Coast Guard (USCG)
- American Petroleum Institute (API)
